To qualify for services, a person must be 60 years of age and a resident of Grand Traverse County. There are fees for all Commission on Aging services, which are based on the client's household income.

Please return this application, along with proof of income and residency. We cannot accept applications without all of the required paperwork attached. Applications sent without all attachments will be returned. See the next page for types of income and residency that we accept.

After receipt of your application/documentation, a Commission on Aging employee will contact you regarding the programs you have selected. At that time, we will discuss with you the approximate fees charged for that program, based on what you have provided us for proof of income. We will then place you on the wait list for the program(s) that you have indicated. Please note that some programs may have a long wait list and others possibly not. We will not be able to tell you exactly when your name will come off of a wait list.

What we accept for income:

Social Security statements, Bank statements, Income tax returns, Home heating credit returns, Homestead Property tax credit, Prior year W-2's if you have not filed a recent Income tax return.

Please note that we do allow your supplemental insurance costs to be deducted from your income. Social Security already has that breakdown on your Social Security statement, and it is already included in your Income tax returns for Social Security. If you have a pension or 401K (etc.) that does not include the cost of an additional supplemental insurance, please provide proof of that cost as well.

What we accept as proof of residency (must have the correct address):
